Client Profile:

- A UK-based non-profit organisation supporting children and youth with 120 subsidiaries.

Solution:

- Conducted pre-migration analysis for user account mapping, data storage, and permission and access rights documentation for a seamless migration.
- Created respective Microsoft accounts for every Google Workspace account and migrated the e-mails in batches.
- For Google Drive data migration:
 1. Followed folder structures
 2. Maintained original file permissions
 3. Converted Google files to the appropriate Microsoft Office format
- Handled the complex sharing configurations

Client Objective:

- Migrate operations from Google Workspace to O365 workspace:
 1. E-mails
 2. Calendar entries
 3. Google Drive data to OneDrive
- Provide support post-delivery

Impact:

- Successfully migrated 32 Google Workspace accounts within 4 days.
